AXCELL DRY batteries are conventional flooded lead-acid batteries which deliver reliable starting power and ensures a long life. Pre-charged, DRY batteries are delivered with an acid pack and need to be filled before first use and periodically topped up to maintain. Ideal for entry-level and old vehicles with standard requirements.

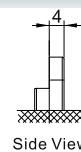

BENEFITS

- > **Activation before first use**
Dry pre-charged battery
- > **Acid pack included**
For initial filling
- > **Periodically Maintenance**
Periodically topped up to maintain
- > **Reliable starting power**
For vehicles with standard requirements
- > **Long shelf life**
No recharge required before acid filling
- > **Wide variety of battery sizes**
Including 6V & 12V versions
